SoftTouch Members

Betül Şahin 201805002

Anıl Durmaz 181805080

Betül Başan 181805028

Ferhat Kamalı 171805056

KaraokeNight

The main purpose of the project is to give any information about the cafe that called "Karaokenight" to the visitors and to introduce this cafe to the visitors.

At the end of this sprint, the functions of the system can be listed as follows.

- 1- Users now can log-in and comment on menu, drinks, rooms and events sections.
- 2- See other user's comments.
- 3- Admin will be able to delete and edit these comments .
- 4- Admin can edit photos and contents of the pages as well as website logo.

We did not change, add or remove any user stories.

The lesson I've learnt is that;

For better teamwork, we could have shared our work more efficiently.

Also time must have been our priority.

There are not any user stories left unimplemented in the backlog.

User Story with Pre- and Post Conditions

Use case ID	which user stories came from which epic	Sprint 1 2	Estimate	Use case name	User story	Pre-condition	Standard flow	Post condition
9	Edit Comments (Epic)	2	3	Delete comment	As a site admin, I can delete comments so that any improper comments.	-Login as a admin -Comments exist on the system	1- A site admin nt" button on her/his own comment. 2- The system delete the comment from DB.	Comment deleted
